I. Identification:

Name of Commentator / Company
Beth Neas, FSA, MAAA

II. ASB Questions (If Any). Responses to any transmittal memorandum questions should be entered below.

Question No.	Commentator Response
1	Yes, I believe it is clear when an actuary should issue an actuarial report
2	Yes, it is clear which guidance applies only to an actuarial report and which applies to all actuarial communications

III. Specific Recommendations:

Section # (e.g. 3.2.a)	Commentator Recommendation (Please provide recommended wording for any suggested changes)	Commentator Rationale (Support for the recommendation)
2.3	Actuarial Report—An actuarial communication that the actuary issues in writing or another permanent form intended to fully document and support actuarial conclusions.	The definition of an actuarial report seems too broad. It seems to include any written communication intended to support actuarial conclusions. This could range from a high level PowerPoint meant to inform senior management to a brief email to my supervisor meant to explain only a small portion of my work to a traditional multi-page report describing the process used to develop the actuarial conclusions

IV. General Recommendations (If Any):

Commentator Recommendation (Identify relevant sections when possible)	Commentator Rationale (Support for the recommendation)
